

Complete your Internship or Practicum with The Glendale Fire Department Crisis Response Program

The Glendale Fire Department knows that picking an internship or practicum is a critical part of your educational career and there are many opportunities. The GFD Crisis Response Program offers all interns:

- ❖ Crisis Intervention Tactics
- ❖ Opportunity to work along side Firefighters, Law Enforcement Officers, Hospital Emergency Department Staff, Chaplains, and other Community Agency Personnel
- ❖ One-on-one support to citizens needing additional assistance
- ❖ Experience with Animal Assisted Therapy

This internship/practicum is unique. You will assist individuals in the community who may need a ride home after a vehicular accident or help a homeless family find shelter and food. Or you may provide a small child with a blanket or teddy bear after they have suffered the loss of their home to a fire or death of a loved one.

You will be working out of Glendale Fire Station #158 or Northwestern University's Medic Quarters. From either location, you'll respond to a variety of calls, such as:

- ❖ Assaults
- ❖ Death
- ❖ Drowning
- ❖ Homicide
- ❖ Pediatric Fatality
- ❖ Suicide

- ❖ Working Fires
- ❖ Domestic Abuse
- ❖ Mental Health Issues
- ❖ Child/Elder Abuse/Neglect

Your experience with GFD CR will be unlike any other Internship or Practicum. Please contact us or visit our webpage <http://www.glendaleaz.com/CrisisResponse/index.cfm> for more information:
