Convention & Visitors Bureau 623-930-4500.*

KEYNOTE SPEAKER: ARMANDO FLORES

The Glendale Hispanic Network is proud to present Mr. Armando Flores as the keynote speaker for this event. Mr. Flores is the Director of Operations and Community Relations for Arizona State University and is a member of the Sun Devil baseball program.

Prior to joining ASU, Mr. Flores worked his way up the corporate ladder to attain the position of Executive Vice President of Corporate Business for Arizona Public Service Company, a position which he held from 1998 until his retirement in 2008. Mr. Flores has held several civic board positions and has been recognized by many organizations for his lifelong commitment to civic endeavors, diversity and particularly for his efforts to make a college education a reality for many at-risk youths.

Mr. Flores believes that Arizona's future depends on developing Arizona's work force through partnerships between businesses and educators that facilitate accessibility to a quality education for all. Thanks to the work of Mr. Flores and other individuals, the ACE (Achieving a College Education) program achieved great success at South Mountain and Glendale Community Colleges and was eventually expanded to all Maricopa Community Colleges and now draws students from high schools throughout the Valley.
