

## **Glendale *From the Heart***

*From the Heart* was created in 1997 to help increase social services throughout the City of Glendale. Over the years it has developed into a very successful program that has provided over \$2.25 million to Glendale residents and families who were in need of a helping hand.

Every Glendale resident has the opportunity to conveniently donate \$1 to *From the Heart* when paying their monthly utility bill. Those donations along with corporate sponsorships, memorials, and matching funds have given us the opportunity to make a significant impact on the lives of our Glendale neighbors.

*From the Heart* is a unique partnership among Glendale citizens, businesses, city government, and local community agencies. Another very important partner of the program has been the BHHS Legacy Foundation which has matched 50% of every dollar that has been raised for the past nine years.

The BHHS Legacy Foundation has been vital to the *From the Heart* program since 2002. The BHHS Legacy Foundation has contributed \$527,510 in matching funds to the *From the Heart* program. These dollars have greatly assisted Glendale residents in times of need.

After nine generous years of contributions, the Legacy Foundation has completed its final year of participating in the *From the Heart* program. We are extremely grateful for their generosity and for helping to change lives for the better.

As we look to the future, we are very excited to welcome a new matching partner for the *From the Heart* program.

The Gila River Indian Community has agreed to partner with the City of Glendale and will provide a total of \$225,000 over the next three years as match for the *From the Heart* program.

We greatly appreciate the Gila River Indian Community's support for *From the Heart*. Together, we will continue to support Glendale residents and families who are in need of various social services.
